ra Will Bob Up Ocensionally in the Mayor's

Dock Hearing. As a witness in support of the charges brought against two of the Dock Commissioners, Chief Clerk Moon of the Dock Department resumed the witness stand yesterday and read some of the rules. including rule 10, which requires that "the owners, lessees, and occupants of every pier, wharf, and bulkhead shall keep the same in good repair and the slips adjacent thereto properly dredged."

Mr. Elihu Root of counsel for Commissioner Post began the cross-examination of the witness by inquiring about the origin of the C.P. Huntington lease of Pler 37 (new), It was lated April 30, 1883. Neither Mr. Post nor Mr. Matthews was a Dock Commissioner then. The pier was burned down after the lease, and while a suit at law was pending as to the terms of the lease, Mr. Huntington refused to the rent. Mr. Huntington was defeated in the the rent. Mr. Huntington was defeated in the Hitigation, and the result was an agreement between the Dock Commissioners and Mr. Huntington by which the Commissioners agreed to pay for the building of the substructure of a new pier. A new lease was issued to Mr. Huntington in August. 1857, in which the agreement, endorsed by Comptroller Loow and Corporation Counsel Morgan J. O'Brien, was incorporated.

Corporation Counsel Morgan J. O'Brien, was incorporated.

Mr. Root showed the witness a lease of the northern half of Pier56. East River and showed by him that the Commissioners reserved the right to do such dredging as they should deem necessary. Counsel for the procedulon endeavored here to renew their point that in aoms of the leases the lessees were required to do their own dredging. Mr. Root proved by the witness that prior to 1886 there were elaborate terms in the leases which provided for dredging by the leases which provided for dredging by the leases which provided for dredging by the leases when provided for dredging by the leases were all formed so that the dredging was done by the city. The witness read the minutes of the Board meeting of April 19, 1886, which showed that the Secretary had been instructed to have new blank forms of leases prepared, with a provision for dredging by the error of the witness to prove that they bore the signature of Commissioner Cram.

"Do you know," he asked the witness, " of any reason why Commissioners Matthews and Post should be removed because Mr. Cram signed these?"

The winess said he didn't and the first laughter evoked by the day's investigation was heard.

Frederick B. Thompson, surveyor of the board was the arthurs and was the arthur was

laughter evoked by the day's investigation was heard.

Frederick B. Thompson, surveyor of the Dock Department, was the next witness. Mr. Rollins asked a question calling for an explanation by the witness of the way in which he certified to bills for dreddring. Mr. Root, Mr. Hartlett, and Mr. Fockham each objected in turn on the ground that the question was not based on any of the charges against the Commissioners. The Mayor decided that while the objections might be upbeld in a court of record, it would be wrong and dangerous for record, it would be wrong and dangerous for him to rule out a question bearing upon alleged carelessness of the heads of a city department in paying bills which they had not thoroughly investigated. The session was then adjourned, and the question will be answered purned, and the question will be answered

MUTUAL BENEFIT FINANCES.

Proceedings Against ex-President Kent to Recover Money Improperly Appropriated. Testimony is being taken at the office of lugustus N. Weller in the Bennett building by Referee James F. Tracy of Albany in the case

of the People vs. Edward H. Kent, President of the Mutual Benefit Life Association of America. who have offices at 280 Broadway. Mr. Kent is on trial for malversation in office, and the substantiation of the charges, if that occurs. will be followed by his removal. In November, 1888. Examiner Michael Shan-

non of the Insurance Department found that President Kent had overdrawn his personal account by \$13,500, the money being taken from the mortuary funds of the association. He so reported to Superintendent Robert A. Maxwell of the department, who communimaxwell of the department, who communicated the facts to Attorney-General Tabor, and the suit now pending was the resuit. In February, 1888, Fresident Kent gave a mortrage for the overdraft of \$13,500, but this the Insurance Fenattment refused to accept, as it was a second mortgage, in Fecember, 1888, he negotiated a loan of \$34,000 to pay the overdraft and some \$25,000 besides, which had been expended as Gen. Clinton B. Fisk, the principal witness yesterday said, "extravagantly."

Buit was originally brought before Judge Mayhem in the Supreme Court at Albany, but saterward Mr. Tracy was appointed referee, with power to take testimony wherever it might be most convenient. The case is being tried for the State by Deputy Attorney-General William A. Post of Albany and Augustus N. Weller of this city, and for the defence by Sidney H. Stuart and H ratius C. King. Gen. Fisk's examination yesterday occupied about four hours. His testimony covered the whole case, from the first discovery of the overdraft until the General's refirement from the directory of the association in March last, He told of the efforts made by the association to have the President restore the \$13,500 overfaft, and also the \$25,000 that had been improperly expended to the mortuary fund. He assnowledged that he had made an agreement with President Kent to advance, personally, \$25,000 cated the facts to Attorney-General Tabor, and

edged that he had made an agreement with President Kent to advance, personally, \$25,000 at 6 per cent, until such time as the amount could be saved by economy from the funds of the association to remy him.

In the alternoon Frederick H. Calkins, for-merly Financial Secretary of the organization, was on the stand. He produced books and other decuments tending to show the over-draft by President Kent and his relations with he hearing will continue this morning at 1

O'clock. A similar suit to that against irest-dent Kent is pending against Vice-President Charles F. Bostvick.
The association was organized on the cooper-ative and assessment plan and at one time did a business loy-lying \$2,000,000 worth of risks. Since the errors of its officials became public its business has decreased very largely.
